IT UNIT

Main tasks of the Unit are related to constant supervision of Automated Fingerprint Identification System (AFIS), run and maintained by CFLP.

The employees of the Unit are responsible for daily administration of AFIS system, which includes the copying and archiving of relevant data as well as solving of AFIS-related problems. The members of the IT Unit control the work of regional AFIS workstations and assure their proper communication with the central AFIS system.

The Unit is also charged with training individuals responsible for maintaining regional AFIS workstations as well preparing final reports on the the functioning of AFIS system in Poland.
